

My influential relative

By Elena Restrepo

A large, solid pink shape that starts as a thin line on the left side of the page and curves upwards and to the right, filling the bottom half of the page.

My Great Grandpa

My grandpa died from ALS this is a nervous system disease that weakens muscles. Why is he so inspirational to me ? he had many accomplishments in his life and for him to fight through this as long as he could and stay positive was very inspirational to me .

How he inspired me

The last time i have seen my great grandpa was very long ago. He fought so hard and still never thought negatively. That's something i wish i could do. I think very negatively sometimes but i should not because a lot of people have more problems than me. My great Grandpa new he was going to die but he still stayed positive that is very amazing to me and i aspire to be like him

The End
