

How to make pancakes

By: Elena Restrepo

Step one

The first thing that you do when you make pancakes is you go to the grocery store with any of these signs

Step 2

The second thing you do is buy these items pancake mix, oil, water, and eggs.

Step 3

You take a bowl and a spoon and a measuring cup

- Open the pancake mix
- Pour in the pancake mix into the bowl
- Then crack two eggs by hitting the eggs a little on the table and opening it up don't put the shell in.
- Than take your spoon and mix
- Add a full bottle of water by twisting the cap off and poring
- Then you take the measuring cup and pour the oil to the third line.

Step 4

Take a pan

Then por the mix on the pan not all of it only half

Place it on the stove and turn the nob the the number 6

Take a spatula

And when you see bumps on the batterput the spatula under it and flipit over on to the pan. Wait 4 mins on take it off.
